

WEBINAR

Innovative approaches for pathogen surveillance

2nd July 2025

10h-13h CET

- 10:00-10:10 **Webinar presentation**
- 10:10-10:40h **WHO Global genomic surveillance strategy for pathogens with pandemic and epidemic potential 2022-2032** (*Dr. Fausta Mosha, WHO Health Emergency Preparedness & Response Programme*)
- 10:50-11:20h **Wastewater Watch: tracking zoonotic pathogens through environmental surveillance** (*Dr. Gloria Sánchez, IATA CSIC Spain*)
- 11:30-12:00h **Using air samples for pathogen surveillance** (*Dr. Jessica Vanhomwegen, Institut Pasteur Paris*)
- 12:10-12:40h **Pathogen surveillance in vectors using high-throughput real time microfluidic PCRs** (*Dr. Sara Moutailler, ANSES France*)
